Confidential Dealer & Credit Application Renewable Energy Division

CBS Solar is a full service distributor of solar and energy saving products. As part of our family, our dealers receive a variety of services including:

- 1. Engineering design services*
- 2. Field training in all our systems*
- 3. Yearly in-house training opportunity*
- 4. Presentation and marketing assistance*
- 5. Technical and Warrantee Service*
- 6. Loan and Finance Options*

We ask our dealers, in return, to make a small investment in their company to become a "product of their product" demonstrating a vested interest and commitment to our products and services. We are pleased to be able to offer you and your company our products in your area.

To solidify the dealer opportunity, we require a 50% deposit on any system ordered with balance due upon delivery. System training and installation will be scheduled by CBS Solar and according to our training crew availability. For systems that require zoning approval, permit applications for zoning and building permits are expected to commence as soon as the system deposit is accepted. For Grid-Tie System, Interconnection applications will need to be processed prior to the start of installation. Dealers are required to have site prepped (i.e. foundation, wiring, etc) and ready for CBS Solar training crew, if necessary. For more experience installers, we require a 2-3 hour visit to our facility for an in-house training.

Please indicate the system you are interested in purchasing to bind your dealer opportunity:

- CBS SOLAR PV DIY SOLAR KIT SOLAR RACKING BATTERY STORAGE
- HZ MICRO INVERTERS OTHER _____
